

**FOR IMMEDIATE RELEASE**

iKlip for iPad 2 now shipping from IK Multimedia

Universal microphone stand adapter for both iPad 2 and original iPad

June 2011, Modena, Italy – IK Multimedia is now shipping the iKlip for iPad 2, the universal mic stand mounting kit that continues to be the standard for both stage and studio use. The iKlip now perfectly fits the iPad 2 with the addition of four easy snap-in adapters that are included in the box.

With the iKlip iPad mounting accessory, musicians and presenters can use their original iPad or their new iPad 2 on stage, in the studio or at school making it easy to support and operate their favorite music and presentation apps on virtually any microphone stand.

The new mounting kit maintains the same standards in strength and flexibility while taking into account the slimmer new version of Apple's popular tablet. The snap-in adapters were specifically designed for the iPad 2's dimensions allowing for a perfect fit inside the mount. Thanks to the new adapters, users can mount their original iPad or iPad 2 to a mic stand quickly and easily. The new iPad 2 snap-in adapters are also available separately for existing owners of iKlip.

The iKlip's structure also accommodates another new feature of the iPad 2, the new back-facing camera. Plus, the iKlip's multi-angle, adjustable design allows for optimal viewing and access to all of the iPad's controls, buttons and connection

ports, and allows positioning of an iPad in both landscape and portrait orientation. Its dense thermoplastic lightweight material ensures durability and secure holding of the iPad with most stand types.

iKlip Features:

- Works with both iPad 2 and original iPad
- Sturdy, durable thermoplastic construction with sure-grip touch points securely holds your iPad without scratching it
- Universal stand clip securely attaches to virtually any microphone stand
- Multi-angle adjustment allows precise positioning for optimal stage or studio viewing
- Quick-snap clips provide fast, secure iPad insertion
- Fast installation — iKlip installs on your mic stand in seconds with the twist of a knob
- All controls, buttons and connectors are accessible when your iPad is clipped into iKlip
- Multi-mount design provides both horizontal and vertical orientation of your iPad
- Can be mounted on the vertical part of a mic stand or on a horizontal boom for limitless positioning
- Designed and manufactured in Italy
